# Margazhi 2019

*The greatest music festival in the world, the legendary December Season in Chennai, Margazhi, where more than a thousand concerts are held during one month is not happening this year due to Covid 19. But last year, celebrated Swedish sound engineer Maurice Mogard visited India during the 2019 season with us and recorded some of todays greatest performers from North and South.*

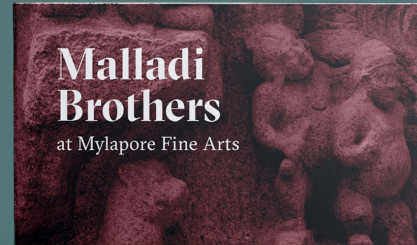

*We are happy to present six full concerts from last year (actually one of them, a lovely Karnatic violin duet was recorded in Stockholmin 2016).  
The cover photos are from the Descent of the Ganges relief in Mahaballipuram.*
